In forwarding herewith in original the records received from the President, Town Municipal Council, Tumkur, on the above subject, I have the honour to state as follows -

In view of the congestion in the local Government High School the necessity for an additional High School was keenly felt and two private High Schools, viz , the Siddaganga and Aryan High Schools have accordingly been started at Tumkur on 17-6-1944 to meet the demand, the former having been started by the Swamiji of Sri Siddaganga Mutt, Kyatasandra and the latter founded by one Mr Siddanarasiah out of his private resources Both these institutions have been recognised by Government

Government have also been pleased to sanction the resolutions of the Tumkur District Board and the local Municipality to grant the initial and recurring charges of Sri Siddaganga High School(Vide G O No L 904/7/L B 9-44-2 dated 28-7-1944 and G O No L 17-19/ M1 103-44-3 dated 26-9-1944)

I have the honour to state that one Mr T K Siddanarasaiah, the founder of the Aryan High School, Tumkur, presented an application to this office on 20-5-1944, stating that the High School was started on 17-5-1944, with about 100 students having secured the services of - efficient teachers and further stated that arrangements had been made to equip the School with Library and Laboratory along with the extension of the existing building and that the management of the School had been entrusted to a Committee constituted for the purpose and requesting that the District Board might be pleased to grant a liberallsum towards its initial and recurring charges to run the institution in a more decent and efficient manner

This subject was placed before the District Board at their meeting held on 24-5-44 ~~and the~~ they deferred the subject for want of some additional particulars regarding the working of the institution

On a reference made to him calling for further particulars, the - founder furnished in his letter No 58/44-45 dated 6-10-44 along with a statement of aims and objects of opening the High School at Tumkur (vide copy enclosed) and requested to help the institution by way of granting - liberal grant for its continuance, as the small strength of 46 had proved a heavy liability because of the fact that it has considerably curtailed their fee income

Mean-while, Mr B C Nanjundaiah, member of the District Board, Tumkur brought forward a subject before the District Board at their Special meeting held on 25-11-44, stating that some financial help might also be give by the District Board to this Aryan High School at Tumkur as was done in

done in the case of other high schools newly started by way of granting Rs 1,000/- towards initial expenditure and Rs 600/- per year towards recurring charges for 5 years This was ~~thoroughly~~ thoroughly discussed in all its aspects and it was finally resolved to select two members Messrs S Hanumantharaya Vice-President of the District Board and B C Nanjundaiah to be selected to the managing committee of the High School and that a sum of Rs 1,000/- towards initial expenditure and Rs 600/- towards recurring charges of the institution per year for 5 years from 1944-45 might be sanctioned

In enclosing herein a copy of the resolution passed by the Board in the matter, I request you to kindly obtain sanction of Government for the same, the amount being arranged to be met out of the closing balance of the Board for the current year

Reference - your office no D B 84/dated 21-5-1944 to furnish more particulars regarding the administration of the Aryan High School, Tumkur

---

I submit herewith that the particulars asked for are furnished for your kind information in the enclosure I request that you may be pleased to place this before the Board, when it will meet next, for favourable consideration, and secure us substantial financial help

If you permit me, I shall very much like to bring to your kind consideration one important fact in declaring the aid that the Board may kindly intend offering to the Aryan High School The fact that at present our school has a strength of only 46 need not work against the merits of the school to stand a chance of a good aid You will kindly agree with me that after all is said and done, it is the syllabuses of studies in the Secondary School that determines the investment on equipment, especially in the matter of equipping the laboratory, maps, charts, library and teaching appliances, not merely the strength Besides, the small strength of 46 has proved a heavy liability because of the fact that it has considerably curtailed our fee income

I hope, Sir, that the Members of the Board will be pleased to generously extend a substantial relief, financially, to this private educational enterprise by way of initial and recurring grants, and I am only sure that you, on your behalf, will kindly do your best

Hoping to have the best wishes of the Members of the District Board in the venture, and inviting them to the School at their convenience
